Township of Esquimalt

location

Esquimalt, BC

size

1.5 Acre (Plaza)

value

\$1.8 million

status

Complete

Working with the Township of Esquimalt, an active recreational park has been created to serve groups of children, teenagers and adults. The park is located beside the Esquimalt Recreation Centre, and includes two all-weather playgrounds for two age groups (2-5 years and 6-12 years), an outdoor fitness circuit, a 3-bay spray park, outdoor fitness area for adults and seniors, picnic area with sunshade, and a 420 sq.ft. washroom/change room facility.

In addition, various storm water and waste water management practices have been applied in the overall landscape design. Waste water from the spray park, storm water of hardscape area and the roof of the washroom building runs through a rain garden and are stored in the underground tank for irrigation use before it is discharged into the municipal system. Furthermore, illuminating spray features and soft landscape lighting creates an animated space in the evening. The project was completed ahead of schedule.
